

the **chc** difference

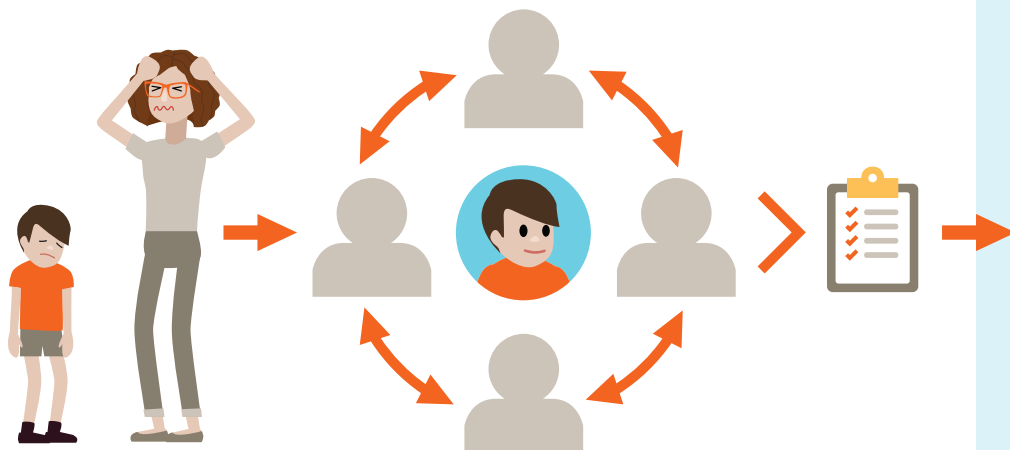

TRADITIONAL EVALUATION MODEL

- Multiple referrals
- Multiple reports
- Potentially conflicting diagnoses
- Uncertainty about which recommendations to prioritize
- Experts aren't talking to each other
- Confusing and time-consuming for parents

CHC EVALUATION MODEL

CHC provides single and multi-disciplinary psychological and neuropsychological evaluations

- In-house expert team
- Child-centric, whole child approach
- Integrated understanding of your child/teen
- One cohesive report & treatment plan
- Clear prioritization of recommendations
- Customized & collaborative
- Less confusion for parents
- Financial assistance
